RESPONSIBILITIES:

- Drive Company awareness, leads and proposal opportunities to support the achievement of revenue and broader company goals
- Support coordination of sales opportunity process management including external and internal engagement delivery
- Develop and participate in pre-event sales planning (in person or virtual) and post-event revenue generation activities
- Conduct business development activities to drive interest and opportunities for Company targeted delivery areas
- Participate in company trainings and lead education sessions to broaden company awareness of business development objectives
- Work in tandem with strategic alliance partners to manage cross sell activities
- Facilitate new client onboarding process through contract execution and remain engaged for handoff to delivery
- Provide recommendations for sales reporting and measurement
- Support the development of sales, strategic alliance and client management targets

QUALIFICATION & EDUCATION REQUIREMENTS:

- BA or equivalent degree
- 3-5 years of business development experience in B2B professional services, travel/payment/expense or technology
- At least 3-5 years of experience managing other sales associates is strongly preferred
- Ability to travel up to 20%

PREFERRED SKILLS:

- Efficient Microsoft Office skills (Word, Excel, PPT, etc.)
- Strong Customer Relationship Management (CRM) system experience (Salesforce Preferred)
